Ethics and Personhood - Markkula Center for Applied Ethics

Dec 11, 2001 - Modern advances in neurological science and technology pose profound challenges for our traditional concept of the human person. Key questions might include:

The Difference Between the Moral and the Legal | Reason and Meaning

Mar 31, 2016 - It’s especially important to differentiate morality and law, as much as discussion of the moral and legal often overlap. On the one hand, the law differ...
