When a young woman emerges from a lengthy coma-like state she must face the decisions that were made about her body—without her consent—in this powerful novel of reclamation and hope. Twenty-one-year-old Mallie Williams—scrappy, headstrong, and wise beyond her years—has just landed on her feet following a tumultuous youth when the unthinkable happens: she is violently assaulted. The crime leaves her comatose, surrounded by friends and family who are hoping against hopes for a full recovery. But soon Mallie's small community finds themselves divided. The rape has left Mallie pregnant, and while some friends are convinced that she would never keep the pregnancy, others are sure that a baby would be the only good thing to come out of all of this pain. **Where the Past Begins**-Amy Tan 2017-10-17 From New York Times bestselling author Amy Tan, a memoir about finding meaning in life through acts of creativity and imagination In Where the Past Begins, bestselling author of The Joy Luck Club and The Valley of Amazement Amy Tan reveals the ways that our memories and personal experiences can inform our creative work. Drawing on her vivid impressions of her upbringing, Tan investigates the truths and inspirations behind her writing while illuminating how we all explore, confront, and process complex memories, especially half-forgotten ones from childhood. With candor, empathy, and humor, Tan sheds light on her own writing process, sharing her hard-won insights on the nature of creativity and inspiration while exploring the universal urge to examine truth through the workings of imagination—and what that imaginative world tells us about our own lives. Where the Past Begins is both a unique look into the mind of an extraordinary storyteller and an indispensable guide for writers, artists, and other creative thinkers.

**The Joy Luck Club**-Amy Tan 2006-09-21 “The Joy Luck Club is one of my favorite books. From the moment I first started reading it, I knew it was going to be incredible. For me, it was one of
those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational.” —Kevin Kwan, author of Crazy Rich Asians

Amy Tan’s beloved, New York Times bestselling tale of mothers and daughters Four mothers, four daughters, four families whose histories shift with the four winds depending on who’s “saying” the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. "To despair was to wish back for something already lost. Or to prolong what was already unbearable." Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.

Where the Past Begins-Amy Tan 2017

By delving into vivid memories of her traumatic childhood, confessions of self-doubt in her journals and heartbreaking letters to and from her mother, she gathers together evidence of all that made it both unlikely and inevitable that she would become a writer. Tan explores shocking truths uncovered by family memorabilia - the real reason behind an IQ test she took at age six, why her parents lied about their education, mysteries surrounding her maternal grandmother - and, for the first time publicly, she writes about her complex relationship with her father, who died when she was fifteen.

The Valley of Amazement-Amy Tan 2013-11-05

Amy Tan’s The Valley of Amazement is a sweeping, evocative epic of two women’s intertwined fates and their search for identity, that moves from the lavish parlors of Shanghai courtesans to the fog-shrouded mountains of a remote Chinese village. Spanning more than forty years and two continents, The Valley of Amazement resurrects pivotal episodes in history: from the collapse of China’s last imperial dynasty, to the rise of the Republic, the explosive growth of lucrative foreign trade and anti-foreign sentiment, to the inner workings of courtesan houses and the lives of the foreign “Shanghailanders” living in the International Settlement, both erased by World War II. A deeply evocative narrative about the profound connections between mothers and daughters, The Valley of Amazement returns readers to the compelling territory of Amy Tan’s The Joy Luck Club. With her characteristic insight and humor, she conjures a story of inherited trauma, desire and deception, and the power and stubbornness of love.

The Opposite of Loneliness-Marina Keegan

The instant New York Times bestseller and publishing phenomenon: Marina Keegan’s posthumous collection of award-winning essays and stories “sparkles with talent, humanity, and youth” (O, The Oprah Magazine). Marina Keegan’s star was on the rise when she graduated magna cum laude from Yale in May 2012. She had a play that was to be produced at the New York Fringe Festival and a job waiting for her at The New Yorker. Tragically, five days after graduation, Marina died in a car crash. Marina left behind a rich, deeply expansive trove of writing that, like her title essay, captures the hope, uncertainty, and possibility of her generation. Her short story “Cold Pastoral” was published on NewYorker.com. Her essay “Even
Artichokes Have Doubts” was excerpted in the Financial Times, and her book was the focus of a Nicholas Kristof column in The New York Times. Millions of her contemporaries have responded to her work on social media. As Marina wrote: “We can still do anything. We can change our minds. We can start over...We’re so young. We can’t, we MUST not lose this sense of possibility because in the end, it’s all we have.” The Opposite of Loneliness is an unforgettable collection of Marina’s essays and stories that articulates the universal struggle all of us face as we figure out what we aspire to be and how we can harness our talents to impact the world. “How do you mourn the loss of a fiery talent that was barely a tendril before it was snuffed out? Answer: Read this book. A clear-eyed observer of human nature, Keegan could take a clever idea...and make something beautiful” (People).

**The Kiss**-Kathryn Harrison 2011-05-04
Exquisitely and hypnotically written, like a bold and terrifying dream, The Kiss is breathtaking in its honesty and in the power and beauty of its creation. In this extraordinary memoir, one of the best young writers in America today transforms into a work of art the darkest passage imaginable in a young woman's life: an obsessive love affair between father and daughter that began when Kathryn Harrison, twenty years old, was reunited with a parent whose absence had haunted her youth. A story both of taboo and of family complicity in breaking taboo, The Kiss is also about love—about the most primal of love triangles, the one that ensnares a child between mother and father. Praise for The Kiss “I couldn’t stop reading this. I’ll never stop remembering it.”—Mary Karr, author of The Liars’ Club “Only a writer of extraordinary gifts could bring so much light to bear on so dark a matter, redeeming it with the steadiness of her gaze and the uncanny, heartbreaking exactitude of her language.”—Tobias Wolff, author of This Boy’s Life “Beautifully written . . . jumping back and forth in time yet drawing you irresistibly toward the heart of a great evil.”—The New York Times “Like all good literature, The Kiss illuminates something that we knew already, while also teaching us things we had not even suspected.”—Los Angeles Times “A darkly beautiful book, fearless and frightening, ironic and compassionate.”—Mary Gordon, author of Circling My Mother “Harrison’s story is her own, but it is also a brilliant fiction, densely mythic, sometimes almost liturgical sounding and raw. She is both author and protagonist of a dark pilgrim’s progress.”—The Atlanta Journal and Constitution

**The Kitchen God's Wife**-Amy Tan 2006-09-21
With the same narrative skills and evocative powers that made her first novel, The Joy Luck Club, a national bestseller, Tan now tells the story of Winnie Louie, an aging Chinese woman unfolding a life's worth of secrets to her suspicious, Americanized daughter.

Everything Is F*cked—Mark Manson 2019-05-14 From the author of the international mega-bestseller The Subtle Art of Not Giving A F*ck comes a counterintuitive guide to the problems of hope. We live in an interesting time. Materially, everything is the best it’s ever been—we are freer, healthier and wealthier than any people in human history. Yet, somehow everything seems to be irreparably and horribly f*cked—the planet is warming, governments are failing, economies are collapsing, and everyone is perpetually offended on Twitter. At this moment in history, when we have access to technology, education and communication our ancestors couldn’t even dream of, so many of us come back to an overriding feeling of hopelessness. What’s going on? If anyone can put a name to our current malaise and help fix it, it’s Mark Manson. In 2016, Manson published The Subtle Art of Not Giving A F*ck, a book that brilliantly gave shape to the ever-present, low-level hum of anxiety that permeates modern living. He showed us that technology had made it too easy to care about the wrong things, that our culture had convinced us that the world owed us something when it didn’t—and worst of all, that our modern and maddening urge to always find happiness only served to make us unhappier. Instead, the “subtle art” of that title turned out to be a bold challenge: to choose your struggle; to narrow and focus and find the pain you want to sustain. The result was a book that became an international phenomenon, selling millions of copies worldwide while becoming the #1 bestseller in 13 different countries. Now, in Everything Is F*cked, Manson turns his gaze from the inevitable flaws within each individual self to the endless calamities taking place in the world around us. Drawing from the pool of psychological research on these topics, as well as the timeless wisdom of philosophers such as Plato, Nietzsche, and Tom Waits, he dissect religion and politics and the uncomfortable ways they have come to resemble one another. He looks at our relationships with money, entertainment and the internet, and how too much of a good thing can psychologically eat us alive. He openly defies our definitions of faith, happiness, freedom—and even of hope itself. With his usual mix of erudition and where-the-f*ck-did-that-come-from humor, Manson takes us by the collar and challenges us to be more honest with ourselves and connected with the world in ways we probably haven’t considered before. It’s another counterintuitive romp through the pain in our hearts and the stress of our soul. One of the great modern writers has produced another book that will set the agenda for years to come.

Chasing the Scream-Johann Hari 2015-01-20
The New York Times Bestseller What if everything you think you know about addiction is wrong? Johann Hari’s journey into the heart of the war on drugs led him to ask this question—and to write the book that gave rise to his viral TED talk, viewed more than 62 million times, and inspired the feature film The United States vs. Billie Holiday and the documentary series The Fix. One of Johann Hari’s earliest memories is of trying to wake up one of his relatives and not being able to. As he grew older, he realized he had addiction in his family. Confused, not knowing what to do, he set out and traveled over 30,000 miles over three years to discover what really causes addiction—and what really solves it. He uncovered a range of remarkable human stories—of how the war on drugs began with Billie Holiday, the great jazz singer, being stalked and killed by a racist policeman; of the scientist who discovered the surprising key to addiction; and of the countries that ended their own war on drugs—with extraordinary results. Chasing the Scream is the story of a life-changing journey that transformed the addiction debate internationally—and showed the world that the opposite of addiction is connection.

The Afterlife of Stars-Joseph Kertes 2017-01-10
As Russian tanks roll through the cobblestone streets of Budapest and shots ring out, young Robert and Attila Beck, inseparable brothers, peer from the boot of a toppled statue of Stalin at the first grisly signs of revolution. The year is 1956. That October day, Russian soldiers will storm their family home, prompting the boys' hurried escape from the city with their parents, grandmother, and two cousins. Not all will survive. Their immediate destination is Paris, and the town house of Hermina, their great-aunt, once a renowned opera singer, now a recluse who wears long gloves to preserve her dignity against a past scarred by an unspeakable violence. Along the way, these two brothers encounter mysterious fellow travelers, witness the bewildering sights of a nation in transition, and grapple with rivalry and loss, while never losing their capacity for joy or their appreciation of humor, and each other, as they stare down the unaccountable and the absurd. Robert, the younger, idolizes the fiery Attila, whose growing edge of anger and rebellion threatens to endanger them both. As exiles in Paris, they seek adventure and whatever semblance of home they might find, from the unfamiliar streets to the labyrinthine sewers beneath. When the duo uncovers a long-held family secret involving a double agent and a daring Holocaust rescue, this novel hurtles toward its cataclysmic conclusion. A Memoir of the Warsaw Uprising-Miron Bialoszewski
2015-10-27 On August 1, 1944, Miron Bialoszewski, later to gain renown as one of Poland's most innovative poets, went out to run an errand for his mother and ran into history. With Soviet forces on the outskirts of Warsaw, the Polish capital revolted against five years of Nazi occupation, an uprising that began in a spirit of heroic optimism. Sixty-three days later it came to a tragic end. The Nazis suppressed the insurgents ruthlessly, reducing Warsaw to rubble while slaughtering some 200,000 people, mostly through mass executions. The Red Army simply looked on. Bialoszewski's blow-by-blow account of the uprising brings it alive in all its desperate urgency. Here we are in the shoes of a young man slipping back and forth under German fire, dodging sniper bullets, collapsing with exhaustion, rescuing the wounded, burying the dead. An indispensable and unforgettable act of witness, A Memoir of the Warsaw Uprising is also a major work of literature. Bialoszewski writes in
short, stabbing, splintered, breathless sentences attuned to “the glaring identity of ‘now.’” His pages are full of a white-knuckled poetry that resists the very destruction it records. Madeline G. Levine has extensively revised her 1977 translation, and passages that were unpublishable in Communist Poland have been restored.

**Hidden Lives**-Carole Garibaldi Rogers 2013-06
Hidden Lives presents compelling true stories of three New York City immigrant families—one Jewish, one German, and one Italian-set in three tenement neighborhoods-the Lower East Side, the South Bronx, and Hell's Kitchen-during the first decades of the twentieth century. In each of these narratives, the central character is a woman without power and without voice. Their stories, compassionately told, bring to life statistics that record the city's stunning population growth between 1880 and 1910. The three women are Rogers's grandmothers, their stories kept secret for almost a century. She has chosen to break the silence that surrounded their lives and pay tribute to women too long hidden from view. Hidden Lives is also the story of her search for her families' past. Rogers writes, "Minnie, Margaretha, and Catherine could not share recipes or handiwork or wisdom with me. I never knew them. But I have learned to love them and cherish their heritage. I am them—Jewish and Catholic, German and Italian, tougher than I thought, more fragile, too."
